STATUS REPORT

On June 3, 2008, at the request of the Government and agreement by the Probation Department, the Court vacated the warrant against Anthony Stephney for violation of his probation. (Copy of AUSA Amy Lester's memo is attached). However, the order did not address violation specifications, one (1) and two (2) of the violation petition. Consequently, we respectfully request that your Honor also order that the specifications be dismissed. We have provided a check list for your consideration and response.
